PROFESSIONAL SUMMARY

Web & Android Developer and **IT Support Professional** specializing in **remote technical support**, **service desk operations**, and **end-to-end issue resolution**. Hands-on experience in remotely troubleshooting **software**, **hardware**, **MS Office 365**, and **network connectivity issues** across enterprise portals, alongside building robust **full-stack web and mobile applications** with complete readiness for **rotational shift work**.

TECHNICAL SKILLS

IT Support & Helpdesk:	Service Desk Operations, Incident Management, Remote Technical Support, Issue Resolution, Troubleshooting
Systems & OS:	Windows OS, Windows operating systems troubleshooting, Linux (Basics), MS Office 365 troubleshooting, Active Directory
Networking & Hardware:	TCP/IP, LAN/WAN, Wi-Fi, VPN connectivity, Computer hardware and peripherals
Frontend Web Designing:	HTML5, CSS3, JavaScript, Bootstrap, jQuery, UI/UX Principles
Backend Development:	Node.js, Express.js
App Dev & Programming:	Java, Kotlin, Android SDK, Python, C#, ASP.NET MVC
API & AI Integration:	RESTful APIs, Google Gemini API, Prompt Engineering
Databases:	MySQL, Firebase, MS SQL Server
Tools & IDEs:	Android Studio, Visual Studio, Git & GitHub, Azure DevOps (Basics), NetBeans
Soft Skills:	Ability to work in rotational shifts, Collaboration, Communication skills, Customer service skills, Problem-solving skills

PROFESSIONAL EXPERIENCE

Apprentice Trainee (IT) | Hindustan Petroleum Corporation Limited (HPCL) Sept 2022 - Sept 2023

- Delivered comprehensive remote technical support and resolved critical front-end, network connectivity, TCP/IP, LAN/WAN, Wi-Fi, and VPN connectivity issues on the HPCL enterprise portal (Gatepass, link management), ensuring seamless issue resolution and user accessibility.
- Handled daily IT support tickets and customer service queries using incident management tools, performing remote troubleshooting for Windows operating systems, MS Office 365, hardware, software, and Active Directory faults.
- Demonstrated strong communication and collaboration skills by providing effective technical assistance across internal departments under flexible rotational shift schedules.
- Managed operational data efficiently by creating advanced presentation decks, Word documents, and **Excel** tracking sheets for daily reporting.

PROJECTS

AI-Powered Resume Analyzer & Cover Letter Generator  | **Node.js, Express, Gemini AI**

- Developed a full-stack web application leveraging **Node.js**, **Express**, and **Google Gemini AI** to intelligently evaluate resumes against specific job descriptions.

- Built interactive visual charts and graphs using **Chart.js** to display ATS match percentages, key matching skills, and missing skill gaps dynamically.
- Implemented automated PDF text extraction (**pdf-extraction**) and an AI-driven cover letter generation feature, enabling users to instantly create tailored, professional cover letters.

Surakshaplus – Women’s Safety App  | *Android Studio, Java/Kotlin, Firebase, SQL*

- Developing a comprehensive mobile application focused on women’s safety, rapid emergency response, and secure user authentication using **Android Studio, Java, Kotlin, and Firebase**.
- Integrated **GPS technology** for real-time location tracking and sharing with registered emergency contacts.
- Implemented an **SOS Panic Button** feature that triggers instant SMS alerts, utilizing **Firebase** for robust backend data management and **SQL**.

Maintenance Request Portal | *HTML, CSS, JavaScript, MySQL*

- Designed a highly responsive and user-friendly web interface using **HTML5, CSS3, JavaScript, and Bootstrap**, ensuring seamless functionality across various devices.
- Implemented dynamic dropdowns and client-side form validation using **JavaScript** and **jQuery** to streamline the maintenance request submission process for end-users and managed back-end database connectivity via **MySQL** to store, update, and retrieve user request data securely.

Safety Volunteers Activity Log | *HTML5, CSS3, JavaScript*

- Developed a dynamic online log system for safety volunteers to efficiently record, monitor, and manage daily site interactions.
- Utilized **HTML5** and **CSS3** for modern responsive web design, integrating user authentication features to ensure data accuracy and system security.

EDUCATION

2023 - 2026	Bachelor of Science in Information Technology (B.Sc. IT) Adarsh College of Arts, Commerce and Science, Badlapur (Mumbai University)	(CGPA: 8.23)
2021 - 2022	NCVT: Computer Operator and Programming Assistant (COPA) Govt. Industrial Training Institute (ITI), Ambernath	(Percentage: 90.83%)
2018 - 2020	Higher Secondary Certificate (HSC - Science PCMB) Smt. R.P.P. Junior College, Palshet	(Percentage: 61.83%)
2017 - 2018	Secondary School Certificate (SSC) New English School, Velneshtar	(Percentage: 71.60%)

ACHIEVEMENTS

- Secured top position in the class during B.Sc. IT (Semester 5 and Semester 6) with an outstanding 9.0+ SGPA under Mumbai University.
- Achieved an exceptional 99% rating in the ITI Apprenticeship Training assessment (2022 - 2023).
